

## 5TH ANNUAL

THE NEW BEDFORD SEAPORT ART WALK is the first large format outdoor public art installation along the waterfront in the city. Sculptures are temporarily installed along MacArthur Blvd, the City and State piers, and in the city's Seaport Cultural District during the summer and fall.

This year, college student artists submitted proposals reflecting the theme "Wind" to coincide with the Massachusetts Design Art & Technology Institute (DATMA) launching their first large-scale public art installation alongside collaborations with local arts and cultural organizations for the series Summer Winds.

Your contribution will support artists in their work, highlight the importance of the arts, and create an inviting waterfront enjoyed by thousands of visitors to and residents of the city.
